A MESSAGE FROM Mr. Holding

Dear Theodore Judah Families,

As we end 2018, I would like to thank you for your commitment to Theodore Judah Elementary and to the belief of public education. The success we have experienced since the opening of the school year owes a great deal to parents/caregivers and families like yours. As we approach a more extended winter break, I wish you health and happiness and hope the winter break provides you with a myriad of opportunities for you and your children to do things you might not be able to accomplish when school is in session.

At Judah, we believe in the importance of family traditions and holiday and sharing them with one another at school. We welcome families to teach us about their heritages, thus strengthening the connection between home and school. We like to involve the children in hands-on activities that celebrate who we are as a community.

This holiday season, I hope you will join me in taking a few moments to reflect on the positive impact our students, parents, teachers and staff all make each and every day at Theodore Judah and to each other. I am very proud of the strong emphasis we place on relationships and caring in our school. Our compassion and support of one another gives us much hope for reaching our goal to enable all learners to succeed and contribute their full potential to the future.'

I would like to take this opportunity to extend my own wishes of peace, love, joy and hope, to each member of the Judah community. Have a wonderful holiday season, with time for celebration, relaxation and joyful experiences with family and friends.

work and efforts of our school PTA. We appreciate all that you do!

December's Citizenship Theme: Persistence

This month we recognize what it means to show persistence. Persistence is the ability to continue to get up no matter how many times you've been knocked down. It requires will power, flexibility, strength of character, **determination** and a **desire** to succeed at all costs. If there was one common denominator that could be applied to **successful** people, it would be persistence.

Here are a few ways to teach your kids to be persistent:

1. Nurture a hobby
2. Give them opportunities to succeed
3. Give your child responsibility
4. Resist rescuing your child from meltdowns
5. Remind them of their successes

Things you can say to encourage persistence:

- "Look at all of your hard work"
- "Good for you, you didn't give up"
- "The more you practice, the better you get"

Daily Attendance is Important

One of the basic foundations for success in school is regular school attendance.

Additionally, teaching our children that regular attendance to school is important helps send the message that education is important. It also teaches the importance of keeping one's responsibilities. Our monthly attendance goal is 97%.

To that end, please be sure to stay home only when truly ill, or due to a real family need. See the attendance section in our school handbook for additional guidance.

Remember to schedule appointments outside of the school day when possible, or to return to school when finished. Minimize early dismissals. Family vacations are not excused absences. Thanks to everyone for supporting daily attendance!
