

THEODORE JUDAH ELEMENTARY
SOCIAL EMOTIONAL LEARNING PROGRAM; SANFORD
HARMONY

What is Sanford Harmony?

Imagine a classroom where students are empowered to: **communicate, cooperate, connect, embrace diversity, and resolve conflict**. Welcome to Sanford Harmony—a social-emotional teaching program that cultivates strong classroom relationships between all students.

The goal of Harmony is to incorporate specialized teaching strategies into classroom activities—from preschool through sixth grade—in an effort to reduce bullying, and help develop the youth of today into tolerant, compassionate, and caring adults for the future.

Harmony can be easily incorporated into lesson plans in as little as five minutes a day, and is aligned with Common Core state standard, national, and district learning initiatives.

Please explore all that [Sanford Harmony](#) has to offer, and spend less time managing troublesome behavior, and more time teaching!
